Holiday Information

Borough Offices will be closed on Monday, September 3rd in observance of Labor Day.

Trash for areas serviced on Mondays will be picked up on Tuesday September 4th.

The Mayor's Corner

We were fortunate with the latest heavy rainfalls in the area as our streams and brooks were all way below the flood stage and gravity worked to our advantage. The Council and the Planning Board have been busy during the summer. While most towns cancel their summer meetings, our Planning Board is scheduling special meetings in addition to the regularly scheduled meetings to accommodate the additional workload.

Also, in light of certain news articles and rumors circulating concerning the Pascack Valley Regional High School District, the Mayor and Council voted to move forward with a study that will analyze the potential financial, educational and demographic impacts of a joint withdrawal of Woodcliff Lake and Montvale from the Pascack Valley Regional High School District. It is important to note that the Mayor and Council voted only to fund a study concerning a potential withdrawal. No decisions have been made to move forward with a withdrawal from the district or to join with Woodcliff Lake in any potential litigation. This study is being viewed as an opportunity to gather information for the benefit of the Mayor and Council and the residents. Will continue to update you with additional information throughout this process. As of Tuesday August 14, 2018, an ordinance to prohibit Marijuana establishments and dispensaries, vape shops and lounges was approved by the governing body, and an ordinance to control the basketball access was also

adopted. As for the former Mercedes and A&P properties, plans are being reviewed by the Planning Board and everyone is encouraged to attend these meetings. The former Sony property plans have not been submitted as of yet to the Planning Board.

Mayor Michael Ghassali

I hope everyone will be able to join us on Tuesday 9/11/2018 at 7:30pm for the Candle Lighting Memorial Ceremony inside the new firehouse. The first responders who were on-site at the World Trade Center on 9/11 will be our guests of honor. Bring the children and have them meet these heroes one on one.

On October 25th at 7pm, we are holding our first annual Mayor's Charity Gala at Season's. The event this year is setup to benefit our beloved Fieldstone teacher Mrs. Myhre and her family. You will receive an invite with the details and they will be posted on social media.

Please fill out the town's survey created by the Mayor's Advisory Committee. The link is on Montvale.org and should only take a few minutes. If you need any help, let me know and will be glad to help you. Hope you enjoy the rest of the summer, continue to report the potholes, and as always I am available to talk and meet with you anytime.

MONTVALE POLICE DEPARTMENT

Hello Montvale,

There are several county road paving projects scheduled over the next month or two. The big one is W. Grand Ave between Spring Valley Rd and the Garden State Parkway. Start date not set yet, but we will publish advisories on our website, Twitter and Facebook. Again, plan alternate routes.

School is back in session. Traffic will increase and school children will be walking to school, standing on street corners waiting for buses and crossing the parking areas near our schools. Use extra caution as you drive through these areas. Obey the posted traffic and parking regulations in the school areas.

School parents should follow the drop-off and pick-up regulations at the schools. To help alleviate traffic in the school parking areas, parents should car pool or have the children walk to school. Crossing guards are posted on Grand Avenue at Kinderkamack Rd., at Railroad Ave., and a police officer is posted at Grand Ave. at Memorial Drive. Crossing guards are also posted at the gate on Memorial Drive and Bayberry Drive (the rear gate) as well as at two additional crossing locations on Memorial Drive.

Memorial School: There is no parking or drop-off in front of the DPW building or in the rear of the Firehouse. These are active areas for construction equipment, trucks, and responding firefighters. This area needs to be kept clear. It is dangerous for children to be walking in this area. Tickets will be written to violators.

Stay safe,
Chief Jeremy Abrams

POOPER SCOOPER LAW

The Board of Health would like to remind all dog owners that the Borough requires that dog owners or walkers must sanitarilly pickup after their dogs. (Ordinance # 2006-01). Dog waste is becoming a growing problem in our neighborhoods and eco-systems. Animal waste is among the top contributor of bacterial pollution in watersheds. In 1991, dog waste was officially labeled as a non-point source pollutant by the Environmental Protection Agency (EPA). This classifies dog waste in the same category as herbicides, insecticides, oil, grease, acid drainage, and toxic chemicals.

The Board of Health recently voted to install a pet waste station on Memorial Drive, near Huff Park, for pet owners' convenience. The Pascack Valley DPW has installed this station.

All residents are reminded to be responsible on all roads in the Borough and dispose of waste in a public trash container or at home.

Department of Property Maintenance

I am writing to the residents of Montvale to explain and clarify some issues as they relate to property maintenance in the borough.

In Montvale, we have an effective property maintenance program. Chapter 86 of the Montvale Code addresses everything covered in the operation of the department. It can be found on the borough website, Montvale.org under the Borough Code link.

Various violations are more frequent than others and seasonal in nature. In the winter season, snow and ice on sidewalks is by far the most violated ordinance. In the fall, it is leaf removal. In the spring season, it is yard and structure clean up after a tough winter. And in the summer, it is weeds, tall lawns, overgrown landscaping, vehicles parked on the lawn, and unprotected pool enclosures. The initial complaints come through many sources, including anonymous tips, written complaints, phone calls, Mayor and Council, and visual inspection by myself and inspectors on my staff.

Our ordinance allows a 30-day period to abate a Property Maintenance Violation (PMV). Discretion is given to the enforcing official to amend that time frame and thus we allow 14 days to abate the PMV. This allows ample time for the violation to be addressed without letting it drag on or making the neighbors wait for some level of compliance. If a resident needs more than 14 days to comply, please call my office with an estimated date of compliance. Such requests are almost always granted.

In the event there is no compliance after 14 days, the PMV is resent and an additional 10 days is allowed. Habitual offenders generally do not get an additional 10 but instead receive a summons. If after the additional 10-day period passes and there is still no compliance, the violation is photographed and a summons is issued via regular and certified mail. If there is compliance after the summons is issued but before the court date, then the file is reviewed for possible dismissal of the complaint.

If there is imminent danger on the property a RED door hanging notice is left on property, followed by a PMV being mailed to owner. This only occurs in the winter when ice and snow create walking hazards.

The Department must create a paper trail for the court should the violation ever reach that level of enforcement. The form of the PMV meets the legal requirements for such notices stating what the violation is, what is needed to abate the violation, the time frame in which it needs to be abated, and the penalty for non-compliance.

The vast majority of property owners maintain their properties very well and that goes a long way to keeping the borough looking good and maintaining property values. I would like to thank all the residents for their cooperation. As always, should there be any specific questions you need answered, please do not hesitate to contact my office (201) 391-5700 ext. 223 or email jfette@montvaleboro.org.

INTRODUCTION TO HAM RADIO

Montvale Borough Hall
FREE Workshop

Ham/Amateur radio is a fun and interesting hobby! You can talk to local radio enthusiasts or make contacts all over the globe. You can communicate with the International Space Station and even use satellites that are orbiting the Earth to make radio contacts. You may even want to participate in radio contests that happen throughout the year. Amateur radio also plays an important role during emergencies. Storms and power outages may impact your ability to use your home phone and get on the internet. How will you communicate in an emergency if your cell phone is broken, has a dead battery or you're in an area with no cell service? Cell towers can be damaged or overwhelmed during a disaster making your cell phone useless. During times like this, amateur radio can be used to get help or communicate with friends & family.

Come join us to learn how you can easily obtain a ham radio license to be a part of this rewarding, fun hobby! There is always something new to learn and you'll gain an important skill to have in emergencies.

Please email MontvaleRecreation@montvaleboro.org for interest!
