Property Tax Information

Property taxes are due
February 1st, 2019.

Please see page 2 for more information

The Mayor's Corner

We are starting the year with new activities at the Planning Board; hearing plans for the old Sony property as well as the old Mercedes property. These are two major projects that are part of our court settlement agreement with Fairshare Housing. Although we settled on the density, we maintain our full control over the plans of the projects, and we intend on insuring that only what is suitable for our town will be allowed to be built. I want to thank each and every member of the planning board for their time and effort and their due diligence and passion in performing their duty and maintaining the character of our town to the best that they can.

On January 7, 2019, our new Police Chief, Joseph Sanfilippo was sworn in. Chief Sanfilippo took over for Chief Jeremy Abrams who retired after 32 years of service to our Borough. On behalf of the governing body and the community, I thank Chief Abrams for the good work that he did with the department, and wish him all the best. I am confident Chief Sanfilippo will be a great Police Chief supported by a world class Police Department.

To help the Police Department achieve its objectives, we hired three new police officers to fill vacant positions. The new officers are PO Robert Klecha, PO Nicholas Dispoto and PO Scott Gaston.

Mayor Michael Ghassali

Budget meetings are ongoing and hope that members of the public attend these meetings and witness the process and the diligence the governing body takes to ensure that every penny is accounted for and spent wisely. These meetings are open to the public, just like the M&C meetings are.

The cold and ice will be taking their toll on the roads this winter, and plans are in place to begin the road work in the spring with full paving of roads and patching potholes. Please keep an eye on your elder neighbors and if you see something that isn't normal, don't hesitate to call the Police Department. As always, feel free to contact me with any questions or concerns.

- Mayor Michael Ghassali

MONTVALE POLICE DEPARTMENT

Beginning on February 1, P.O. John Guico will be assigned to the newly created Traffic Officer position. P.O. Guico will be responsible for enforcing traffic laws, and he will be concentrating on specific areas of the town that have been identified as trouble spots. We have started a new email address for reporting these types of areas.

The address is traffic@montvaleboro.org. Please remember that this address is not monitored 24 hours a day, and should not be used for reporting incidents in need of immediate attention.

Montvale Board of Health Provided Rabies Prevention

On Saturday, January 5, 2019 the Montvale Board of Health in cooperation with Northwest Bergen Regional Health Commission sponsored the Annual Anti-Rabies Clinic. Montvale Board of Health members, Borough employees, and the Pascack Valley DPW all worked together to ensure the continued success of the clinic. The clinic has been in existence for more than fifty years.

This year Dr. Cohen-Grady administered one hundred vaccines with the assistance of Animal Handler, Kim Nangle from Tyco Animal Control. Dogs were treated to a dog biscuit after the vaccination. State law requires all pets to be vaccinated for rabies, vaccinations play a critical role in protecting your pet from many dangerous and even fatal diseases.

The pet owners had the convenience of obtaining an annual license at the clinic. Reminder to all pet owners it is required that all pets are licensed each year to help ensure easy identification if the pet is lost. License information may be found on the borough website or at borough hall.

INTRODUCTION TO HAM RADIO

Montvale Borough Hall
FREE Workshop

Ham/Amateur radio is a fun and interesting hobby! You can talk to local radio enthusiasts or make contacts all over the globe. You can communicate with the International Space Station and even use satellites that are orbiting the Earth to make radio contacts. You may even want to participate in radio contests that happen throughout the year.

Amateur radio also plays an important role during emergencies. Storms and power outages may impact your ability to use your home phone and get on the internet. How will you communicate in an emergency if your cell phone is broken, has a dead battery or you're in an area with no cell service? Cell towers can be damaged or overwhelmed during a disaster making your cell phone useless. During times like this, amateur radio can be used to get help or communicate with friends & family.

Come join us to learn how you can easily obtain a ham radio license to be a part of this rewarding, fun hobby! There is always something new to learn and you'll gain an important skill to have in emergencies.

Please email MontvaleRecreation@montvaleboro.org for interest!

The Tattoo Tradition The term "tattoo" derives from the cries of the 17th & 18th century Low Country innkeepers in Scotland, who, as the fife and drums of the local regiment signaled a return to quarters would cry, "Doe den tap toe!" (meaning "turn off the taps!") The sound of the "taps" caused the innkeepers customers to depart and return to their barracks. The word "tattoo" evolved over time and refers to what developed as a ceremonial performance of military music by massed bands today. The Virginia International Tattoo incorporates groups from around the world including acrobats, choral groups and precision military drill teams.
