Montvale September 11 Ceremony

The Montvale 9/11 Ceremony will take place on Memorial Drive at 7pm on Sunday 9/11/22

The Mayor's Corner

I hope you had time to get away and enjoy your time with friends and family. In the past few weeks, we were forced to act quickly on several projects including moving to act toward a listing of the sale of wooded 28 acres at 127 Summit Ave. We made an offer within hours after the owner of the property decided to sell the property. We are currently in the process to purchase the property for \$4.5 million dollars, with the intent to keep it in its natural setting and control the development rights of the property.

We also started the planning of our new community center and town pool; meetings with all the local organizations in town and capturing their needs. We also have several committees working simultaneously on these projects such as a technical committee and a finance committee. As we get more information on mechanics

of the projects, will share them immediately.

We are also in the planning stage for our annual 9/11 ceremony on Sunday 9/11 at 7PM. I hope you join us and meet members of our community and visitors who were at the Twin Tower site and hear their stories in person.

I wish you a safe and healthy end of summer and a great start to the new school year. As always, if I can be of any assistance, please don't hesitate to contact me directly at mghassali@montvaleboro.org.

The first day of classes at Memorial and Fieldstone Middle Schools will be Wednesday, August 31st. Freshman Orientation at Pascack Hills High School will be on Tuesday, August 30th, and all students will begin the school year on August 31st. Give yourself some extra time to get to your destination while we all reacclimate ourselves to the usual school year increase in traffic on the roads. Obviously, there is a lot of road construction in our area as well. Veolia, formerly Suez, has been replacing a number of their old water mains, including the main on Craig Road, and one on Summit Avenue. Altice/Optimum will be in our area throughout the Fall as they upgrade their system to fiberoptic cable. Many towns throughout the County are experiencing an unprecedented increase in utility projects as upgrades to our infrastructure become necessary to support the present building boom. You may notice Police Officers from other towns working at some of these construction sites, as well as our Officers working in various towns in the County. Our annual 9/11 ceremony will be held at the Firehouse on Sunday, September 11th beginning at 7PM. Please join us as we remember those who lost their lives on that horrible day in 2001.

Flu Prevention

Montvale Board of Health will be hosting its annual flu vaccine clinic on Saturday, October 8, 2022. Did you know there is a simple way of protecting yourself from getting sick with the flu? Getting your annual flu vaccine has many benefits for you and your loved ones. According to the CDC, for a two year flu season, 6,400,000 – 11,000,000 flu illnesses have been predicted. This virus can cause unnecessary illness, doctor visits, hospitalizations and even deaths. Receiving an annual flu vaccine can enable you to continue with your lives and not miss anything.

The flu virus constantly changes so, to have the best protection, getting the vaccine each year is necessary. Protection from the virus decreases over time so receiving a vaccine annually helps your body make new antibodies to defend itself. In addition, individuals with chronic health conditions can decrease the risk of experiencing complications from the virus that can lead to hospitalizations. The vaccination benefit for pregnant women reduces the risk of complications from the virus and gives immunity to the baby for a few months after birth. Children starting at the age of six months and older can also receive a vaccine.

If you have questions or concerns about the flu vaccine, please talk to your healthcare provider. The Board of Health will be hosting its annual flu vaccine clinic on Saturday, October 8, 2022 at the Montvale Senior & Community Center. Details about the clinic will be coming soon.

Property Maintenance Department

I am writing to the residents of Montvale to explain and clarify some issues as they relate to property maintenance in the borough.

In Montvale, we have an effective property maintenance program. Chapter 305 of the Montvale Code addresses everything covered in the operation of the department. It can be found on the borough website, Montvale.org under the Municipal Ordinances and Laws.

Various violations are more frequent than others and seasonal in nature. In the winter season, snow and ice on sidewalks is by far the most violated ordinance. In the fall, it is leaf removal. In the spring season, it is yard and structure clean up after a tough winter. And in the summer, it is weeds, tall lawns, overgrown landscaping, vehicles parked on the lawn, and unprotected pool enclosures. The initial complaints come through many sources, including anonymous tips, written complaints, phone calls, Mayor and Council, and visual inspection by myself. Our ordinance allows a 30-day period to abate a Property Maintenance Violation (PMV). Discretion is given to the enforcing official to amend that time frame and thus we allow 14 days to abate the PMV. This allows ample time for the violation to be addressed without letting it drag on or making the neighbors wait for some level of compliance. If a resident needs more than 14 days to comply, please call my office with an estimated date of compliance. Such requests are almost always granted. In the event there is no compliance after 14 days, the PMV is resent and an additional 10 days is allowed. Habitual offenders generally do not get an additional 10 but instead receive a summons. If after the additional 10-day period passes and there is still no compliance, the violation is photographed and a summons is issued via regular and certified mail. If there is compliance after the summons is issued but before the court date, then the file is reviewed for possible dismissal of the complaint. Warnings of violations are left with a RED door hanging notice. If not addressed, a PMV is issued. The Department must create a paper trail for the court should the violation ever reach that level of enforcement. The form of the PMV meets the legal requirements for such notices stating what the violation is, what is needed to abate the violation, the time frame in which it needs to be abated, and the penalty for non-compliance. The vast majority of property owners maintain their properties very well and that goes a long way to keeping the borough looking good and maintaining property values. I would like to thank all the residents for their cooperation. As always, should there be any specific questions you need answered, please do not hesitate to contact my office (201) 391-5700 ext. 618 or email codeenforcement@montvaleboro.org.
