BOND ORDINANCE PROVIDING FOR THE ACQUISITION OF PROPERTY IN AND BY THE BOROUGH OF MONTVALE, IN THE COUNTY OF BERGEN, NEW JERSEY, APPROPRIATING \$700,000 THEREFOR AND AUTHORIZING THE ISSUANCE OF \$665,000 BONDS OR NOTES OF THE BOROUGH TO FINANCE PART OF THE COST THEREOF.

BE IT ORDAINED BY THE BOROUGH COUNCIL OF THE BOROUGH OF MONTVALE, IN THE COUNTY OF BERGEN, NEW JERSEY (not less than two-thirds of all members thereof affirmatively concurring) AS FOLLOWS:

Section 1. The improvement described in Section 3(a) of this bond ordinance is hereby authorized to be undertaken by the Borough of Montvale, in the County of Bergen, New Jersey (the "Borough") as a general improvement. For the improvement or purpose described in Section 3(a), there is hereby appropriated the sum of \$700,000, including the sum of \$35,000 as the down payment required by the Local Bond Law. The down payment is now available by virtue of provision for down payment or for capital improvement purposes in one or more previously adopted budgets.

Section 2. In order to finance the cost of the improvement or purpose not covered by application of the down payment, negotiable bonds are hereby authorized to be issued in the principal amount of \$665,000 pursuant to the Local Bond Law. In anticipation of the issuance of the bonds, negotiable bond anticipation notes are hereby authorized to be issued pursuant to and within the limitations prescribed by the Local Bond Law.

Section 3. (a) The improvement hereby authorized and the purpose for the financing of which the bonds are to be issued is the acquisition of property located at 25 West Grand Avenue (Block 1601, Lot 1), including all related costs and expenditures necessary therefor and incidental thereto.

(b) The estimated maximum amount of bonds or bond anticipation notes to be issued for the improvement or purpose is as stated in Section 2 hereof.

(c) The estimated cost of the improvement or purpose is equal to the amount of the appropriation herein made therefor.

Section 4. All bond anticipation notes issued hereunder shall mature at such times as may be determined by the chief financial officer; provided that no bond anticipation note shall mature later than one year from its date. The bond anticipation notes shall bear interest at such rate or rates and be in such form as may be determined by the chief financial officer. The chief financial officer shall determine all matters in connection with bond anticipation notes issued pursuant to this bond ordinance, and the chief financial officer's signature upon the bond anticipation notes shall be conclusive evidence as to all such determinations. All bond anticipation notes issued hereunder may be renewed from time to time subject to the provisions of the Local Bond Law. The chief financial officer is hereby authorized to sell part or all of the bond anticipation notes from time to time at public or private sale and to deliver them to the purchasers thereof upon receipt of payment of the purchase price plus accrued interest from their dates to the date of delivery thereof. The chief financial officer is directed to report in writing to the governing body at the meeting next succeeding the date when any sale or delivery of the bond anticipation notes pursuant to this bond ordinance is made. Such report must include the amount, the description, the interest rate and the maturity schedule of the bond anticipation notes sold, the price obtained and the name of the purchaser.

Section 5. The Borough hereby certifies that it has adopted a capital budget or a temporary capital budget, as applicable. The capital or temporary capital budget of the Borough is hereby amended to conform with the provisions of this bond ordinance to the extent of any inconsistency herewith. To the extent that the purposes authorized herein are inconsistent with the adopted capital or temporary capital budget, a revised capital or temporary capital budget has been filed with the Division of Local Government Services.

Section 6. The following additional matters are hereby determined, declared, recited and stated:

(a) The improvement or purpose described in Section 3(a) of this bond ordinance is not a current expense. It is an improvement or purpose that the Borough may lawfully undertake as a general improvement, and no part of the cost thereof has been or shall be specially assessed on property specially benefitted thereby.

(b) The period of usefulness of the improvement or purpose within the limitations of the Local Bond Law, according to the reasonable life thereof computed from the date of the bonds authorized by this bond ordinance, is 40 years.

(c) The Supplemental Debt Statement required by the Local Bond Law has been duly prepared and filed in the office of the Clerk, and a complete executed duplicate thereof has been filed in the office of the Director of the Division of Local Government Services in the Department of Community Affairs of the State of New Jersey. Such statement shows that the gross debt of the Borough as defined in the Local Bond Law is increased by the authorization of the bonds and notes provided in this bond ordinance by \$665,000, and the obligations authorized herein will be within all debt limitations prescribed by the Local Bond Law.

(d) An aggregate amount not exceeding \$25,000 for items of expense listed in and permitted under N.J.S.A. 40A:2-20 is included in the estimated cost indicated herein for the purpose or improvement.

Section 7. The Borough hereby declares the intent of the Borough to issue bonds or bond anticipation notes in the amount authorized in Section 2 of this bond ordinance and to use the proceeds to pay or reimburse expenditures for the costs of the purposes described in Section 3(a) of this bond ordinance. This Section 7 is a declaration of intent within the meaning and for purposes of Treasury Regulations.

Section 8. Any grant moneys received for the purpose described in Section 3(a) hereof shall be applied either to direct payment of the cost of the improvement or to payment of the obligations issued pursuant to this bond ordinance. The amount of obligations authorized but not issued hereunder shall be reduced to the extent that such funds are so used.

Section 9. The chief financial officer of the Borough is hereby authorized to prepare and to update from time to time as necessary a financial disclosure document to be distributed in connection with the sale of obligations of the Borough and to execute such disclosure document on behalf of the Borough. The chief financial officer is further authorized to enter into the appropriate undertaking to provide secondary market disclosure on behalf of the Borough pursuant to Rule 15c2-12 of the Securities and Exchange Commission (the "Rule") for the benefit of holders and beneficial owners of obligations of the Borough and to amend such undertaking from time to time in connection with any change in law, or interpretation thereof, provided such undertaking is and continues to be, in the opinion of a nationally recognized bond counsel, consistent with the requirements of the Rule. In the event that the Borough fails to comply with its undertaking, the Borough shall not be liable for any monetary damages, and the remedy shall be limited to specific performance of the undertaking.

Section 10. The full faith and credit of the Borough are hereby pledged to the punctual payment of the principal of and the interest on the obligations authorized by this bond ordinance. The obligations shall be direct, unlimited obligations of the Borough, and the Borough shall be obligated to levy *ad valorem* taxes upon all the taxable real property within the Borough for the payment of the obligations and the interest thereon without limitation of rate or amount.

Section 3. Chapter 128 of the Code of the Borough of Montvale is hereby amended and supplemented by adding a new Section 128-5.15, "Mixed-Use Planned Unit Development Overlay District," as follows:

§128-5.15 Mixed-Use Planned Unit Development Overlay District.

The following standards shall apply to development within the Mixed-Use Planned Unit Development Overlay District. All other provisions of Chapter 128, Zoning of the Montvale Code shall apply to development in the M-PUD Overlay District only where specifically indicated as applicable in §128-5.15 of the Montvale Code. When the standards herein conflict with other provisions of Chapter 128, the standards herein shall apply.

- A. Purpose. The Mixed-Use Planned Unit Development Overlay District is intended to repurpose the former Mercedes-Benz campus by constructing a mixed-use development that simultaneously provides credits towards the Borough's affordable housing obligation. The M-PUD regulations are intended to capitalize on the district's unique location between a lifestyle retail shopping center and the Garden State Parkway.
- B. Application requirements. Any application for development for any portion or the entirety of the M-PUD Overlay District shall be submitted as a planned development, in the nature of a preliminary site plan application. Such application shall describe any phasing of the proposed project, together with all on-site and off-site improvements needed to support such phases. The application for preliminary site plan approval may also include a request for final approvals with respect to such phase or phases. The following shall apply:
 - (1) Development within the M-PUD Overlay District shall be subject to the requirements of the district and to the mandatory findings for planned development as required by the Municipal Land Use Law, N.J.S.A. 40:55D-45.
 - (2) Contribution of the pro-rata share of off-site improvements, including, but not limited to, required roadways, traffic signals, utilities, lighting, landscaping, sidewalk/curbs and drainage.
 - (a) Off-tract improvements are required whenever an application for development requires the construction of off-tract improvements that are clearly, directly and substantially related to or necessitated by the proposed development. The Planning Board, as the case may be, shall require as a condition of final site plan or subdivision approval that the applicant provide for such off-tract improvements. Off-tract improvements shall include water, sanitary sewer, drainage and street improvements, including such easements as are necessary or as may otherwise be permitted by law.
 - (b) Determination of cost. When off-tract improvements are required, the Borough Engineer shall calculate the cost of such improvements in accordance with the procedures for determining performance guaranty amounts in N.J.S.A. 40:55D-53.4. Such costs may include, but not be limited to, any or all costs of planning,

surveying, permit acquisition, design, specification, property and easement acquisition, bidding, construction, construction management, inspection, legal, traffic control and other common and necessary costs of the construction of improvements. The Borough Engineer shall also determine the percentage of off-tract improvements that are attributable to the applicant's development proposal and shall expeditiously report his findings to the board of jurisdiction and the applicant.

- (c) Improvements required solely for the application's development. Where the need for an off-tract improvement is necessitated by the proposed development and no other property owners receive a special benefit thereby, or where no planned capital improvement by a governmental entity is contemplated, or the improvement is required to meet the minimum standard of the approving authority, the applicant shall be solely responsible for the cost and installation of the required off-tract improvements. The applicant shall elect to either install the off-tract improvements or pay the municipality for the cost of the installation of the required off-tract improvements.
- (d) Improvements required for the applicant's development and befitting others. Where the off-tract improvements would provide capacity in infrastructure in excess of the requirements in Subsection B(2)(c) above, or address an existing deficiency, the applicant shall elect to either install the off-tract improvements, pay the pro-rata share of the cost to the Borough, or pay more than its pro-rata share of the cost to facilitate the construction of the improvement(s) and accept future reimbursement so as to reduce its payment to an amount equal to its pro-rata share. If a developer elects to address the required off-tract improvement(s) by making a payment, such payment shall be made prior to the issuance of any building permit. If the applicant elects to install the off-tract improvements or to pay more than its pro-rata share of the cost of the improvements, it shall be eligible for partial reimbursement of costs of providing such excess. The calculation of excess shall be based on an appropriate and recognized standard for the off-tract improvement being constructed, including but not limited to gallonage, cubic feet per second and number of vehicles. Nothing herein shall be construed to prevent a different standard from being agreed to by the applicant and the Borough Engineer. The process, procedures and calculation used in the determination of off-tract costs shall be memorialized in a PUD or developer's agreement to be reviewed and approved by the Borough Attorney, who may request advice and assistance from the Planning Board Attorney. Future developers benefiting from the excess capacity provided or funded by the initial developer shall be assessed in their pro-rata share of off-tract improvement cost based on the same calculation used in the initial calculation. Such future developers shall pay their assessment, plus a two

percent administration fee not to exceed \$2,000, to the Borough, at the time of the signing of the final plat or final site plan as a condition precedent to such signing. The Borough shall forward the assessment payment to the initial developer, less any administration fee, within 90 days of such payment.

- (e) Performance guaranty. If the applicant elects to construct the improvements, the applicant shall be required to provide, as a condition of final approval, a performance guaranty for the off-tract improvements in accordance with N.J.S.A. 40:55D-53 and §128-5.15 above.
 - (f) Certification of costs. Once the required off-tract improvements are installed and the performance bond released, the developer shall provide a certification to the Borough Engineer of the actual costs of the installation. The Borough Engineer shall review the certification of costs and shall either accept them, reject them or conditionally accept them. In the review of costs, the Borough Engineer shall have the right to receive copies of invoices from the developer sufficient to substantiate the certification. Failure of the developer to provide such invoices within 30 days of the Borough Engineer's request shall constitute forfeiture of the right of future reimbursement for improvements that benefit others.
 - (g) Time limit for reimbursement. Notwithstanding any other provisions to the contrary, no reimbursement for the construction of off-tract improvements providing excess capacity shall be made after 10 years has elapsed from the date of the acceptance of the certification of costs by the Borough Engineer.
- (3) Any application for development within the M-PUD Overlay District shall be accompanied by an Environmental Impact Statement that complies with §128-17.1 through §128-17.10 of this Chapter.

Standard	Requirement
Minimums:	
Lot area	32 acres
Lot frontage	600 feet
Front yard setback (from centerline of street)	60 feet
Side and rear yard setback	50 feet
Setback between building façades	60 feet
Maximums:	
Building height	4 stories and 65 feet; however a maximum of two buildings may contain five stories and 75 feet ¹ , but the fifth story shall have a minimum setback of 120 feet from the centerline of the nearest public roadway.

¹ The building height measurement shall be measured from the proposed/final average grade, not the existing average grade. Where a building is situated on a slope the highest two building corners (which are the uphill corners) shall be used to determine the final average grade of the building. Except as previously set forth, building height shall be measured in accordance with the definition of "building height" set forth in Section 128-3.1. No fully subterranean level shall include any use other than parking or storage.

² The maximum impervious lot coverage shall be 50% utilizing standard impervious parking techniques for all paved surfaces. However, alternative porous paving system and vegetative "green" roof areas may be used to attain total lot coverage of 65%, with no more than 50% of the lot coverage being impervious surface and up to an additional 15% of the lot coverage being pervious paving surfaces and green roof areas. Pavers over pervious base or turf blocks shall only be utilized for pedestrian and biking surfaces, overflow parking areas or emergency only access driveways. Porous pavement, suitable for more general and heavier-use vehicular surface applications, is also acceptable. Upon approval, an approved, bonded maintenance plan incorporating best management practices shall be required for all pervious paving surface areas to minimize siltation of porous paving areas.

- [2] All exterior lights shall be designed so as to reduce glare, lower energy usage and direct lights only to where they are needed.**

(k) Signage.

[1] Section 128-9.7A.1 through Section 128-9.7A.4, shall apply. The standards in Section 128-9.7A.8 through Section 128-9.7A.15 of Chapter 128 shall also apply, except that Section 128-9.7A.9A(6), 128-9.7A.9F, 128-9.7A.9G and 128-9.7A.9S shall not apply.

BOROUGH OF MONTVALE

PLANNING BOARD

RESOLUTION

WHEREAS, on June 13, 2017, the Mayor and Council passed on first reading Ordinance No. 2017-1428 entitled, "An Ordinance of The Borough Of Montvale Amending And Supplementing Chapter 128 Of The Borough Code To Establish The Mixed-Use Planned Unit Development Overlay District And To Set Forth The Standards And Criteria Applicable Thereto"; and

WHEREAS, subsequent to the approval on first reading, the Mayor and Council forwarded to the Planning Board a copy of said Ordinance in order for the Board to provide a report to the Governing Body consistent with the provisions of *N.J.S.A. 40:55D-26*; and

WHEREAS, the Planning Board has reviewed the proposed Ordinance.

NOW THEREFORE BE IT RESOLVED by the Planning Board of the Borough of Montvale that the following facts are made and determined:

1. The Ordinance creates a new Mixed-Use Planned Unit Development Overlay District ("the District") and provides that the following properties are included in the Overlay Zone: Block 2702, Lot 1 (1 Mercedes Drive) Block 2801, Lot 2 (3 Mercedes Drive) Block 3201, Lot 6 (1 Glenview Road) ("the parcels" or "the property"). The Board initially notes that the

creation of this Overlay Zone was expressly recommended in a document entitled, "Borough of Montvale, Master Plan Reexamination For Block 2702, Lot 1, Block 2801, Lot 2 and Block 3201, Lot 6, Known as 1 & 3 Mercedes Drive & 1 Glenview Road" ("the Master Plan Reexamination") which was adopted by the Planning Board on June 6, 2017.

2. The Mixed-Use Planned Unit Development Overlay District ("M-PUD Overlay District" or "Zone") provides for a mixed-use development for the properties while further addressing the Borough's affordable housing obligation. Consistent with the AH-PUD District (the former De Piero Farm site), the provision of affordable housing is deemed to be a critical requirement in the M-PUD District. The Ordinance requires that a minimum of 8.3% of housing units at 1 and 3 Mercedes Drive be set aside for persons of low and moderate income and the 1 Glenview Road property is to be donated to the Borough for use for municipal purposes and for affordable housing. By the Borough attaining ownership of 1 Glenview Road, it will be in a position to develop affordable housing without depending upon the private sector to produce such units.

3. In addition to the affordable housing component, the M-PUD Overlay District requires at least three (3) of the following uses: multi-family residential, retail/personal services, office, hotel, banks and financial institutions. The Ordinance establishes bulk standards for the various uses, as well as various design standards which are intended to ultimately produce a high-quality and aesthetically and visually appealing development.

4. The Ordinance also establishes detailed requirements pertaining to off-site improvements, including roadway, traffic signal, drainage, utilities, sidewalks/curbing and landscaping.

5. The Board takes note of the fact that the subject property was the corporate headquarters of Mercedes-Benz USA for many years, and that Mercedes recently has or is in the process of vacating the properties and relocating their headquarters to Georgia. Both the Master Plan Reexamination and the Ordinance are intended to guide the future use and development of these properties with a planned unit development approach, with a considerable degree of control with respect to development phasing, site layout, site and building design, as well as implementation of the affordable housing component.

BE IT FURTHER RESOLVED by the Planning Board of the Borough of Montvale that based upon the foregoing findings of fact, that the following conclusions are made and determined respecting the Ordinance's consistency with the Borough's Master Plan and Reexamination:

1. *N.J.S.A. 40:55D-62a* requires that a zoning ordinance amendment "shall be either substantially consistent with the land use plan element and the housing plan element of the master plan or designed to effectuate such plan elements". The Board has carefully reviewed the Ordinance and has determined that the proposed Ordinance is consistent with the Master Plan adopted in 2008 ("the Master Plan") and the Reexamination adopted on June 6,

2017 and that the Ordinance is intended to implement the recommendations detailed in both documents.

2. In proposing the creation of a M-PUD Overlay District, the Reexamination notes that a rezoning would advance five (5) Goals of the Master Plan. These Goals and how the Ordinance will advance them are as follows:

A. **Goal 4:** Preserving the natural environment and providing access to it for use as passive open space.

The Ordinance requires that all development within the M-PUD Overlay District comply with all environmental codes and promote consolidation of open space areas for the use and enjoyment of the public with walkways and seating near open space areas and the preservation of large trees to the extent practicable. Transforming the parcels from an office campus to mixed-use property open to the public will permit the public to have access to open space and park and plaza areas on the properties.

B. **Goal 6:** Provide community facilities and services of the highest quality.

The M-PUD Overlay District will require the redevelopment of 1 and 3 Mercedes Drive to include public space open to the public. In addition, a portion of 1 Glenview Road will be used for a similar purpose. The Overlay District also provides the opportunity for new retail shops and personal services to meet the needs of local residents.

C. **Goal 11:** Engender higher-quality design.

The Ordinance provides for specific design guidelines which will result in a high-quality mixed-use development, and will also promote both visual and physical ties to the Shoppes At DePiero Farm opposite Mercedes Drive to create the context of a single village complex.

D. **Goal 15:** Implement mandates of the State Plan.

The Overlay District has the potential to address smart growth and sustainability, such as the use of green building features and a walkable community between the properties included in the Zone, the Shoppes At DePiero Farm, and nearby municipal services. In addition, any housing will require an affordable component which promotes the general welfare.

E. **Goal 16:** Expand the Borough's medical sector.

A mixed-use development as permitted in the Overlay District may have the potential to incorporate personal offices and services associated with the medical sector, such as offices for physicians, physical therapy practices and medical testing facilities. The proximity of the site to the recently opened Memorial Sloan Kettering Cancer Center may also facilitate the use of the property for diverse medical practices.

3. Based upon the foregoing conclusions, the Board finds that the Ordinance is substantially consistent with both the 2008 Master Plan and the Reexamination adopted on June 6, 2017 and is intended to effectuate the goals, objectives and recommendations detailed in both documents. Accordingly, the Board finds the Ordinance to be consistent therewith, as

provided in *N.J.S.A. 40:55D-62*. This resolution shall constitute the Board's report on said Ordinance as required pursuant to *N.J.S.A. 40:55D-26*.

BE IT FURTHER RESOLVED by the Planning Board of the Borough of Montvale that a copy of this resolution shall be transmitted by the Planning Board Secretary to the Municipal Clerk immediately subsequent to its adoption.

Re: **Revised Recommendation of Award & Bid Summary**
Fieldstone Middle School Synthetic Turf Replacement
Borough of Montvale, Bergen County, New Jersey
MC Project No.: MVB-512

Dear Ms. Iarossi-Alwan:

At the request of the Borough, Maser Consulting received a revised quotation from FieldTurf dated June 13, 2017 that proposes to re-use, to the extent possible, the existing in-fill and top dress materials in the new synthetic turf installation. This includes the purchase of the new synthetic turf for the existing soccer fields, baseball outfield, baseball batter's box area, softball outfield and the entire softball infield, including the pitcher's mound and batter's box area. This change resulted in a credit (from their original proposal) in the amount of \$104,879.50. The total cost for the supply of the synthetic turf material has been reduced to **\$438,782.28**, which includes all proposed project Alternates (A1 through A6) listed on their attached Proposal.

In addition, separate bids were opened for the removal and disposal of the existing synthetic field turf and installation of a new synthetic field turf on Tuesday, May 23, 2017. The LandTek Group, Inc., 235 County Line Road, Amityville, NY 11701 is the apparent low bidder and appears to have submitted all necessary documents as required by the specifications, pending any comments by the Borough Attorney. After analyzing the two (2) bids received, this office recommends the award of the Base Bid and Alternate Bid "A" for the project in the amount of **\$409,947.25** to LandTek Group, Inc. A copy of the bid summary is attached.

Our recommendation is subject to the approval of bid documents by the Mayor and Council and certification of funds by the Borough.

As you know, the Mayor and Council included \$750,000.00 for this project in the 2017 budget. The above costs total **\$848,729.53**, or \$98,729.53 higher than the amount budgeted. Based on the above, the Borough will need to budget additional monies in the project to cover the costs above the original budgeted amount of \$750,000.00.

**RE: Bid Review, Checklist of Compliance and Recommendation of Award
Fieldstone School Turf Replacement Project**

Dear Mayor and Council,

At the request of the Borough Administrator, we have reviewed the two bids submitted for the Fieldstone School Turf Replacement Project. A checklist documenting compliance of each of the two bidders is attached.

The lowest bid was submitted by The LandTek Group, Inc. in the amount of \$395,033.50 for the Base Bid, or \$409,947.25 for the Base Bid plus Alternate A. After reviewing these bids, it appears that LandTek's bid was complete and responsive to the bid specifications. We therefore would recommend that the contract be awarded to LandTek as the lowest responsible and responsive bidder for the Base Bid or the Base Bid plus Alternate A, subject to the availability of funds and recommendation of the Borough Engineer.

Please do not hesitate to contact me if you have any additional questions.

Very truly yours,

AKERS AVENUE PARKING CONCERNS AND SOLUTIONS

The Governing Body and the Police Department have received complaints about traffic and parking issues on Akers Avenue related primarily to after school sports activities. Recently, I spent several hours in that area with Councilman Koelling and again with Mayor Ghassali reviewing the problem.

Akers Ave. is a fairly narrow roadway. There are parking restrictions in place for much of the street to ensure emergency access and prevent student parking in the neighborhood surrounding the school. Due to heavy volume for PHHS football games which draw the largest crowd attending the field, the police department additionally prohibits parking during game times on Akers Ave. and attendees are directed to park in the PHHS main lot. Handicapped parking is allowed in the former Pascack Valley Regional Board of Education Offices located on Akers Ave. The former BOE site is being redeveloped into additional athletic space and a small parking area that will include handicap parking.

During non-football sporting events participants and spectators are allowed to park on Akers Ave. subject to the existing regulations. The field is used more frequently than in the past and will remain as such with the addition of a girl's softball field and continued use of the field by recreation and club athletic teams.

Pascack Hills High School is supposed to notify opposing teams not to unload busses on Akers Ave. and parking for spectators to be in the front lot of the school. Non school activities may not receive the same notifications. Currently the following regulations exist on Akers Ave.:

The speed limit on Akers Avenue is 25 MPH.

POTENTIAL SOLUTIONS

1) Local Resident Only Parking regulated by sticker:

Pros

Akers Ave residents have asked for this
Would eliminate all school activity parking on the street
Less congestion on street for emergency response to navigate

Cons

Akers Ave residents would face summonses for compliance issues
Other Montvale residents may take exception to this as taxpayers
Other town residents may also want restricted parking on their streets for traffic and parking issues
PHHS families dropping off on Akers Ave unless added regulations prohibiting drop off are adopted
Field parking pushed to surrounding streets

2) No Parking Any Time:

Pros

Street would be clear of any traffic impeding roadway for emergency response.
Buses still an issue

Cons:

All residents unhappy
Parking pushed off to surrounding streets

3) Angle parking slots cut into grass along PHHS back fence, No parking rest of block:

Pros:

Extra parking slots
Akers Ave residents able to use slots after hours
All parking off street allowing emergency easy passage
Shared use by school and area residents
Potential shared cost with school district

Cons:

Cost for construction

- 4) Paint edge lines on roadway, improve signage, continue to enforce existing ordinance:

Pros:

No additional regulations

Cons:

Parking will continue on street

Akers Ave residents will not be satisfied

Mayor Mike Ghassali
Borough of Montvale
12 Mercedes Drive
Montvale, New Jersey 07645

Dear Mayor Ghassali,

We currently have openings in our Special Police Officer I (SLEOI) ranks. I would like to have one or two SLEOI's appointed later this summer and sent to the SLEO Academy class in September.

SLEOI's are unarmed Special Police Officers used for traffic control, security and other similar roles as supplement to our regular police officers. They are required to perform four hours of monthly community service and get paid to work details such as sporting event security, Day in the Park security and traffic control, etc.

I am aware of at least one individual who is interested in becoming a SLEOI. The training at the Bergen County Police Academy is at no cost to Bergen County municipalities.

I am seeking permission from the governing body to begin the hiring process for SLEOI officers.

Respectfully,

Chief Jeremy Abrams

The Honorable Mcihael Ghassali
Mayor, Montvale Borough

Montvale, NJ 07645

Dear Mayor Ghassali:

Thank you for your application requesting funds for your municipality under the New Jersey Department of Transportation's (NJDOT) Fiscal Year 2017 Municipal Aid Program.

Unfortunately, the NJDOT is unable to provide a Municipal Aid grant for Edgren Way. The Municipal Aid Program continues to be a popular and competitive program. This year's solicitation resulted in 628 applications requesting more than \$270 million of the \$78.75 million available. NJDOT makes every effort to fund as many projects as possible, but the funding needs far exceed available resources.

NJDOT encourages you to apply for the upcoming Fiscal Year 2018 Municipal Aid Program. Please contact our Local Aid District Offices for assistance in developing an application.

Thank you for applying.

Sincerely,
